

## NOTICE OF STUDY COMMENCEMENT DETAIL DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT Commuter Parking Lot Expansion at the Highway 416 and Brophy Drive Interchange

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Detail Design and Class Environmental Assessment (Class EA) Study for the expansion of an existing commuter parking lot at the Highway 416 and Brophy Drive interchange in the City of Ottawa. The existing commuter parking lot is located just west of Highway 416 on the north side of Brophy Drive and has a capacity of 30 standard parking spaces.

The Recommended Plan includes the following:

- Expansion of the commuter parking lot to approximately 67 standard parking spaces, three barrier free spaces, and two van spaces
- Illumination and signage improvements

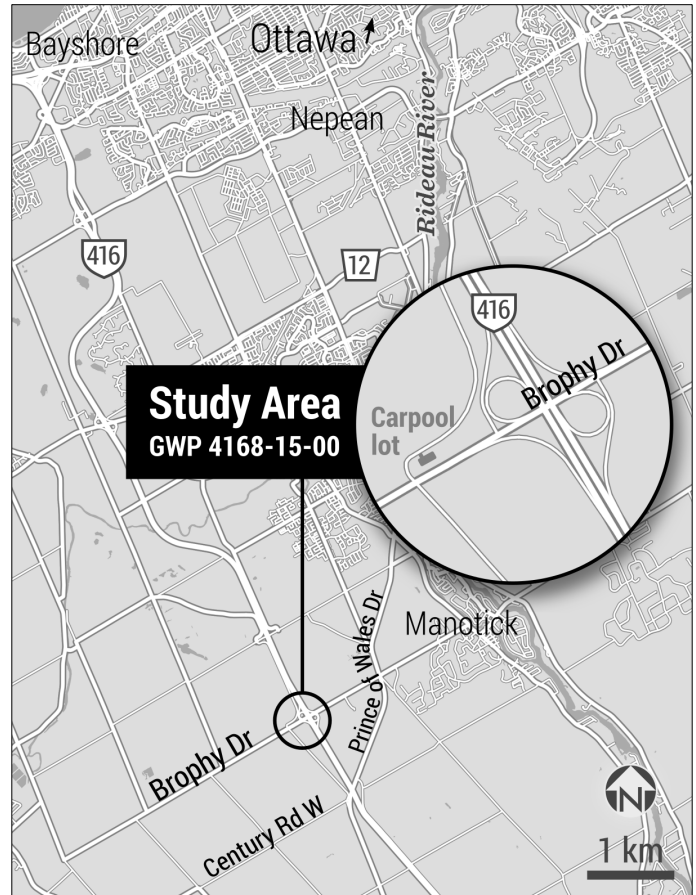

### THE PROCESS

This study has followed the approved planning process for Group 'C' projects under the *Class Environmental Assessment (EA) for Provincial Transportation Facilities* (2000). The Preliminary Design was completed by MTO and documented in an Environmental Screening Document (ESD) and filed with MTO.

The completion of Detail Design will be undertaken in accordance with MTO's Class EA as a Group 'C' undertaking. An Environmental Screening Document will be prepared and filed with the MTO to summarize the mitigation measures and results of the study.

### COMMENTS

You are encouraged to participate in the study and to provide comments in writing to the project team. Please provide your comments by November 27, 2017. If you wish to have your name added to the project mailing list or have questions about the study please contact:
